

# E.C.H.R.E. EUROPEAN CULTURAL HERITAGE: RESOURCE FOR EDUCATION

*Newsletter number 2*

## LOCAL ACTIVITIES AND COVID-19

## PROJECT PUBLICITY "AT HOME"

*Although we had planned to start our transnational activities, Covid-19 situation has stopped us.*

*We better concentrated on project presentation in our institutions and cooperation between country partners.*

## FIRST ROUND OF PROJECT ACTIVITIES

*Internal meetings of country partners often ended up with more different plans how to use European cultural heritage for educational purposes.*

*As examples: art and history lessons from Czech Republic. Students explored Swedes chapel (picture on the first page) and tried to copy original paintings on the chapel walls. An example from Romania (picture on the left). In the frame on language day, students tried old writing techniques, with the pen and quill.*

## PROJECT DISSEMINATION MATERIALS

*Not to forget about dissemination of the project, a lot of leaflets and poster were prepared. Notice boards at school were created. If you meet ECHRE logo, remember it belongs to our project.*

## PROJECT REALISATION AND COVID-19

*Unfortunately, also our project has been influenced by Covid-19 restrictions. It has stopped our plans for travelling and its organisation. So the only cooperation channel which are left for us at the moment are on-line tools.*

*More about on-line cooperation, in the next newsletter.*
